International Affairs, Study Abroad
Kmfene2@ncsu.edu
919-515-2087

Cooperating Raleigh Colleges

Jenny Spiker, Director 919-673-5504 spikerje@meredith.edu

Potential questions for study abroad coordinators

1. What are some of your office's "best practices" that you use to (a) recruit and support students to participate in study abroad, (b) manage logistical challenges associated with study abroad, and (c) manage and mitigate institutional risks associated with study abroad? How can CRC institutions share these best practices more effectively with each other?
2. How can CRC institutions combine their efforts in study abroad in ways that might reduce under-enrolled programs or duplication of effort in the same country?
3. What approaches has your institution used to reduce some of the logistical and financial barriers that many students experience when they consider study abroad? Are some of these strategies ones that CRC institutions could implement together or partner with each other to implement more effectively?
